All frames from Pictorialism are individually made bespoke items of the highest quality from a British manufacturer, prices indicate complete products including prints, hanging kits and storage boxes.

Please note that this document is a guide price list for quick reference, all quoted prices are based on a standard frame unit with a single mount, further options will increase the total price.

Rather than include costs for delivery within the frame price, carriage charges apply to frame orders BELOW £150 in value, above this there is no charge.
